

# VM-901B

## 9" B/W Monitor

The VM-901B 9" B/W high resolution monitor is the workhorse of the industry featuring over 800 lines of center resolution, a looping video input/output with switchable 75 ohm termination and has an LED power light. It is housed in a rugged black metal cabinet with "up front" user controls.

### Specifications

|                       |   |
|-----------------------|---|
| Resolution            | Over 800 TV lines                                 |
| Input                 | BNC Connector, switchable 75ohm/high impedance    |
| Input Signal          | 1.0 Vp-p composite, video, sync negative, looping |
| Input Voltage         | 100-240 volts AC 50/60 HZ                         |
| Linearity             | +/- 10% horizontal , +/- 10% vertical             |
| Scanning Frequency    | EIA 15.75 kHz horizontal, 60 Hz                   |
| Video Gain            | 33 db   |
| Operating Temperature | 32°F to 140°F                                     |
| Power Consumption     | 35 Watts  |
| Housing Color         | Black metal                                       |
| Dimensions            | 9.25"L x 9"W x 10"H                               |
| Weight                | 13.5 lbs.   |
